Q: Why does Southern Cross charge an extra \$10 at the time of booking?

Q: What does Moss Vale Show Society provide in return for this?

A: The Showground provides a secure site for the Southern Cross Yards and your horses, water, lighting, a large flat area for working horses, facility for washing horses, as well as toilet facilities for riders.

Q: At many other events, there is no extra charge for erecting yards either own yards or Southern Cross yards. Why is there a charge at Moss Vale Showground?

A: This Showground is not Council owned or subsidised in any way by any government body – most showgrounds in NSW are owned by the local Council, and have to pay no rates or water costs. The 24 acres of Moss Vale Showground are owned by the Members of the Moss Vale Show Society, and they are fully responsible for all maintenance, council rates and water rates. In the last six months, over \$12,000 has been spent in upgrading shower facilities to provide 6 showers to cope with the needs of the numbers of Eventing Riders, upgrading all the enclosed stables, and improving security on all the 30 covered stalls. Also camping facilities have been upgraded, so there are now many extra sites for multiple power & water supply, around the grounds.
