CROSS COUNTRY LESSON & COMPETITION

- Each horse will take part in a two hour group lesson, at either 8am, 10am & 12 noon, then at 2.30pm the cross-country competition will take place. Allocation to instructors has been by draw. We have tried to comply with your personal requests as much as possible. Please be punctual for your lesson, as we will be running to a tight schedule to get you home at a decent hour. The assembly point for your group will be marked with your group number.
- The cross-country course will be open for inspection from 8am. Each rider planning to do the competition in the afternoon will need to walk the course at some stage during the morning. Back numbers and course maps for the competition will be available from the secretary.
- Rules for the competition: Ribbons to 5th will be awarded to the horses and riders with a clear round and time elapsed closest to the optimum time shown on your course map. Stopwatches and watches are not to be worn. Jumping faults to be declared on an honour system, with random audit. Unless otherwise stated the EA "Rules for Horse Trials" cross-country regulations will apply.

SHOW JUMPING

- There will be a show jumping course available, at Newcomer and Introductory height. Preliminary height may be arranged by special request. This will be open between 10.30 am and 1.30 pm. It is your responsibility to make your way to the sj arena either before or after your lesson. This is for training purposes only – it is not a competition. Maximum 2 rounds per horse. Please keep off the newly worked areas.
